

PROCUREMENT REQUEST / KA-PUR-2026-017

Office visitor chairs

Decision date: **12 September 2026**. Prepare a purchase recommendation for the Pune office using the supplier quotations supplied with this request.

Buyer	Kaveri Analytics Private Limited
Procurement owner	Priya Deshmukh, Procurement Coordinator
Delivery location	Kaveri Analytics office, Pune, Maharashtra
Quantity	100 chairs in one purchase order
Maximum total	INR 1,45,000.00, including all taxes, delivery and installation
Delivery deadline	Within 10 calendar days of purchase order and agreed advance
Minimum warranty	12 months against manufacturing defects

Required product

Stackable, armless visitor chairs with a powder-coated steel frame, cushioned seat and back, and black upholstery. All 100 chairs must be the same specification and delivered in one batch.

Decision rules

1. Use valid current quotations as of 12 September 2026. An explicitly revised quotation replaces its earlier version for this purchase.
2. Include delivery and all taxes in the comparison. Do not add tax a second time when a supplier states that amounts are inclusive.
3. Check specification, quantity, delivery and warranty before comparing final totals.
4. Recommend the lowest-total eligible supplier within budget. If none qualifies, state that clearly; do not invent a discount.
5. Cite the document filename, quotation reference and version for each price used. Flag unresolved conflicts or missing information.

Requested output

A comparison table and a short purchase recommendation. Show the final total, budget headroom or shortfall, delivery, warranty and source references. Prepare an approval-note PDF only when separately requested. Do not place an order, send a supplier message or make a payment.

Prepared by Priya Deshmukh for this fictional evaluation scenario. This brief states the requirements; it does not name a preferred supplier.
